2016 Annual Report our year in NUMBERS

69 Clients served

3,410 volunteer hours

letter from the chairman

In 2016, HopeBUILDERS completed its 16th year of service **helping others live in safety, comfort and dignity**. We completed 69 projects and had over 121 volunteers giving 3,410 volunteer hours of service to the Kansas City Metropolitan region. With nearly a dozen community, supplier and project partners, HopeBUILDERS was able to make a difference in the lives of over 200 people in 2016.

Although we are proud of the work that we completed in 2016, and very thankful for the \$73,966 that we received in donations, ***we can do more***. HopeBUILDERS is striving to meet the demand of over xx people on our waiting list and homeowners which flood our helpline every week. This increase in demand tells all of us that we *need* to do more. We need your help in order to serve all of our clients. We need more financial resources, we need more human resources and we need more supplies and partners to meet the growing need for our organization in the Kansas City Metropolitan region.

Now is the time to step up and take charge of a housing epidemic that leaves elderly and disabled citizens behind when their homes are in disrepair. Government funding for efforts like this have been cut in recent years. It is up to We the People to take care of our citizens. We are challenged to take care of the widows and the orphans and HopeBUILDERS takes its responsibility seriously. We know ***we can do more***.

Please join us if that's what you feel you are called to do. Volunteer your time, talent or treasure to help bring citizens from a point of despair to a place of hope and dignity. Invite others to join you if you are already involved - you never know what is in store for each of us when we bind together to serve our fellow man. As a wise teenager once said at an address to his high school, "it's not we who rescue the people, but it's the poor, the outcast, the neglected, that rescue us."

Blessings,

Todd LaRose
